

**To the Families We Serve,**

In this difficult time, we are all going through its important for you to know that Robert J. Sheehy & Sons F.H. is taking every precaution possible by diminishing the possibility of exposure to the coronavirus.

We have been contacted by numerous Funeral Associations, Cook County Board of Health, IDPH, CDC and other federal agencies with guidelines regulating public gatherings.

It has always been our goal to provide the meaningful service to all our families but given the recommendations set forth by the above-mentioned agencies/associations ... that may not be possible.

From here on when a family's love one passes away, initially we will provide the necessary preparation. We will then set up an appointment to meet with the family to provide all options available now or in the future.

It has been and will continue to be an honor for us to serve all our families. Robert Sheehy & Sons F.H. will continue to do everything possible to be there for you when you need us.
